INTRODUCTION

Welcome to the 2024/25 season at Lincoln City Football Club.

As a football club, we have a rich and proud history steeped in tradition and ambition. Our recent journey has seen us rise from the National League, winning three trophies, two trips to Wembley and becoming an established Sky Bet League One club – now in our fifth season - a remarkable rise with ambitions of aiming even higher.

As Lincolnshire's leading football club, Lincoln City can offer unique commercial opportunities to local, regional, and national businesses. Partnering with the Imps allows your business to elevate its brand, engage with a captive audience and collaborate with an innovative, powerful digital marketing platform.

With our state-of-the-art LED advertising, exciting partnership packages to unrivalled matchday experiences in our premium lounges and private boxes or utilise our incredible reach across our social media channels. There are commercial opportunities with Lincoln City to

FAN ENGAGEMENT

Fan engagement is at the forefront of everything we do. The Imps are pioneers in this sector, as the club became Britain's first ever community-owned football club at the turn of the century.

We pride ourselves on working with the community and realise the importance of this special relationship to the people of Lincoln and our supporters.

We have been consistently awarded the EFL Family Excellence Award, most recently becoming one of only 12 clubs to receive gold standard and in 2023/24 we were rated the best in League One and third best across the entire EFL. Our social media was also named the best in the EFL.

The award aims to drive continuous improvement and best practice in family engagement across the leagues. Achieving gold standard provides evidence of the fantastic work completed behind the scenes at the LNER Stadium and was assisted with glowing reports from external visitors who highlighted City's efforts towards family inclusivity and fan engagement through the work carried out across the club during matchdays.

We have an active relationship with our Fan Advisory Board which helps us further enhance the overall matchday experience for all visitors to LNER Stadium. The Fan Advisory Board, made up of representatives from various supporter groups, helps us to make key decisions on topics such as season tickets, kit designs, catering, Fan Village improvements, and much more.

Fan surveys are also created on a yearly basis to encourage supporters to give their feedback to ensure we are continually improving the matchday experience across all areas.

"We have a brilliant partnership with Lincoln City. They can't do enough for us to help promote the business and assist with any special requests.

"The LED boards around the ground on match days look fantastic and have been seen on Sky Sports several times.

"The partnership is an excellent platform for a young and growing business like ours to help network and promote what we do"

LYNDSLEY WRAY
| AMS BUILD

"Our partnership with Lincoln City has gone from strength to strength over the past three years. The club has allowed us to showcase our products, services and our brand to a huge fan base both online and within the LNER Stadium. Alongside the business benefits we have also been able to use the clubs facilities and match day experiences to reward staff, customers and entertain friends. The benefits of the partnership has been immeasurable and we are looking forward to a long and fruitful partnership for many seasons to come"

GLEN MERRYWEATHER

"Our commercial partnership with LCFC has allowed us to work collaboratively to mutually generate opportunities and support our wider community in ways far beyond our starting point. The football club continues to provide a framework to connect businesses and allow relationships, creativity and growth to flourish against a backdrop of an energising and well-run football club"

IAN HODSON | HR DIRECTOR
UNIVERSITY OF LINCOLN

"Branston Limited employs around 600 people at our site just south of Lincoln but the company has always struggled to raise awareness about who we are and what we do. As labour markets tighten and the challenge to attract talented people becomes more intense, we are always looking for ways of promoting our employer brand.

"Lincoln City Football Club have a strong reputation as a community club, this resonates with our own values at Branston, we saw a partnership with the club as an excellent opportunity to increase awareness of our business whilst supporting the great work that the club does locally.

"In raising the profile of Branston Limited locally, we have seen an increase in interest in job vacancies and as importantly we are able to offer the chance for current employees to win match tickets, mascot packages and matchday experiences which enhances our employee benefits and gives a real sense of pride within the team.

"As we near the ends of our first season as a Diamond partner of the club, we are looking at new and exciting ways to extend the partnership to unlock further benefits in the future"

SIMON TELFER | HR DIRECTOR
BRANSTON LIMITED

We wouldn't hesitate to recommend Lincoln City Football Club for any business to partner with. We have worked with the commercial team for two years, and they have exceeded our expectations. Professional, helpful and a pleasure to work with.
