

# LINKING YOUR ETICKETING ACCOUNT

Once you have created your club account, you will need to manually link your eTicketing account.

Follow these steps to see how it's done.

1

Upon login, click on 'linked accounts'. If you have not already updated your personal information, you will be prompted to update these details before you can link your account.

2 Once you have completed your profile information, click continue and you are ready to link your accounts.

3

If you already have a ticketing account, your ticketing number may automatically appear on the screen. Please ensure this is correct before entering your Client Reference Number and clicking 'Link Account'.

Ensure that the Ticket ID displayed on the screen matches your Ticket ID found on your Season Card or your previous tickets.

4

If you do not have your Client Reference Number, please 'Create Ticketing Account'.

You can now use your We Are Imps Account to purchase tickets at:
